

Konstanz Gödel Workshop

11.01 - 12.01.2024

This workshop is dedicated to the first four volumes of Gödel's Philosophical Notebooks (1938-1941), which have over the past five years been published by Eva-Maria Engelen (including an English translation by Merlin Carl). Gödel's views on philosophy of language, logic, epistemology, moral philosophy, philosophy of mind, theology, and philosophy of mathematics during this period will be discussed and related to contemporary work in these areas.
