# Fachbereichskolloquium

Wintersemester 2021/22  
Donnerstags | 8:15 bis | 9:45 Uhr  
Raum G530

Im Rahmen des Philosophischen Kolloquiums findet am **Donnerstag den 03. Februar 2022** folgender Vortrag statt:

***Dr. Friederike Moltmann***

**French National Centre for Scientific Research in Paris**

## **Object-based truthmaker semantics for embedded sentences**

In this talk I will give an overview of a truthmaker-based semantics for different types of embedded sentences, based on an ontology of modal and attitudinal objects, as entities distinct from events and states. I will argue that the ontology should include non-worldly facts and states of affairs as special kinds of modal objects.

Alle Interessierten, insbesondere Studierende, sind herzlich eingeladen.
